- Success with this pattern starts with reading the directions through to the end.
- Note that the circles and the blue motifs are appliqued.
- If you choose to hand applique decide whether you want to pre-prepare the edges or do the needle turn method, both are portable. Inserting the ends of the circles will require snipping a few threads of the sewn seams of the foundation block Cocoa Inner Border.
- If you want faster results follow the directions on your purchased lightweight paper backed fusible webbing. You will not need to pre-cut the applique circles or motifs as described in the Cutting Directions since you will trace them on to the paper backed fusible web.
- If you have any questions about the processes suggested here, check first with your local quilt shop. Look on line for helpful videos.
- Now is the time to accurately cut, sew with a $\frac{1}{4}$ " seam allowance, press diligently and be patient and enjoy each step in the creation of this design.
- This pattern may have some fabric leftover. (Not always a bad thing!) We have allowed for shrinkage and/or fussy cutting. Fabrics are directional.

Directions

1. Decide on your applique method. If you choose to hand applique make templates by tracing the motifs on to paper or template plastic.

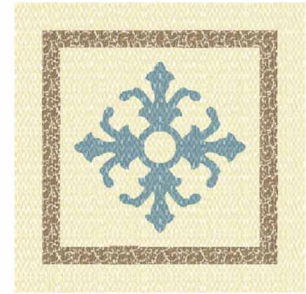

2. Repeat for the applique circles.
3. To create background blocks sew 14 $\frac{1}{2}$ " Cocoa strips to opposite sides of the six 14 $\frac{1}{2}$ " squares. Press seams toward Cocoa strips. Add the 16 $\frac{1}{2}$ " Cocoa strips to top and bottom of squares. Press seams toward strips.
4. Sew 16 $\frac{1}{2}$ " Cream border strips to sides. Sew the 20 $\frac{1}{2}$ " Cream border strips to top and bottom. Note the direction of the fabric design as you are piecing. Press seams toward the Cocoa Inner Border.

1. Applique (or fuse) the Ibiza Motif to the center of each block. You can find the center alignment by folding the block in half both ways and finger pressing a crease. Save the application of all the Cross Motifs until after the blocks are joined.
2. Join the six blocks together in two rows of three, press seams open. Then join the two rows together, press seams open.
3. Apply the two Cross Motifs using the seams of the blocks as a guide.
4. Referring as needed to the quilt picture, apply the Circle Parts using your favorite applique method up to ½" from the edges of the Cocoa Inner Border. Stop.
5. Using a sharp seam ripper carefully remove a few stitches and slip the ends of the circles through. Finish the applique, and re-stitch the Cocoa Inner Border.
6. Sew the Inner Border strips to the top and bottom, press seams toward the border. Now add the side Inner Border strips and press seam toward the Inner Border.
7. Now is the time to applique the Half Cross and Quarter Cross Motifs as pictured.
8. Attach the Outside Borders to the sides.
9. Sandwich the quilt top and backing with batting. We suggest quilting with a small stipple in all the background spaces. Quilt as desired in the borders, bind and enjoy!
